

XIIIth Danish International Economics Workshop

Call for Papers

Aarhus, June 15th-16th, 2017

We hereby invite papers for the **XIIIth Danish International Economics Workshop** to be held in Aarhus, Denmark, June 15th-16th, 2017. The workshop will be hosted by *The Tuborg Research Centre for Globalisation and Firms*, www.tgf.au.dk.

Keynote speaker: Esteban Rossi-Hansberg, Princeton University.

The aim of the workshop is to bring together researchers working on issues in international economics from all Danish research institutions, as well as to provide a forum for meeting international scholars from leading foreign research institutions. As in the previous years, we welcome non-Danish researchers to participate. Focus will be on scientific exchange, facilitating collaborative research and contacts among researchers; and also to offer PhD students and junior researchers an opportunity to present their work and to establish closer contacts among Danish and international researchers in the International Economics field.

Papers (or extended abstracts) should be **submitted electronically by March 1st, 2017** to Susan Stilling (sti@econ.au.dk) in pdf format only. A preliminary version of the program will be sent out by April 1st. The only requirement in terms of topics is that papers should have at least one JEL code of category F.

The core program of the workshop will run on both Thursday and Friday. An informal gathering will take place before the workshop on the evening of Wednesday June 14th.

Note that Aarhus has been named one of the top places to be in 2016 by the New York Times and will be the European capital of culture for 2017.
